

PRODUCT LABEL

WONDERCHAR PECANCHAR EZ MIX

SKU: PS SA H 24

Purpose:

Medium Granular Pecan Shell Biochar with developed porosity for easy granulation & mixing with fertilizer blends

Increasing fertility & growth benefits of fertilizer, compost, & manure by controlling release & enhancing bio-availability of nutrients & moisture. Well-Controlled Particle Size and Particle Morphology improves ease and efficiency of mixing & granulation with fertilizer, soil, and humates. Increased Utilization Efficiency of all major Macronutrients and Micronutrients. Reduction of odor when blended with fertilizer or compost & improved moisture retention & aeration in composting. Available in 2 Cu. Yard Bulk Bags (1984 lbs each) and 1.0 Cu. Foot Sacks (30 lbs each).

Directions for Use:

Wonderchar PecanChar EZ MIX is made from pure Pecan Shell Biochar without addition of any blend material, ash, or fillers. Wonderchar PecanChar EX MIX is a soil amendment that can be used on all types of plants, grasses, plantings, trees, crops, sod, and seed. **Best when applied with nutrients.**

Mixing Rate with Fertilizer and Humates:

Blend with fertilizer at 10% of the weight of fertilizer application or 50% with Humate/Humic Acid.

Tree Plantings and Enhancement of Existing Groves:

Blend with planting soil 10% by volume during planting or apply as a top dressing with 10 lb per caliper around the base of each tree twice per year.

Garden and General Soil Mixes:

Blend 20% by volume into planting mix, grow media, or soil blend as a replacement for Peat Moss.

Additive to the Composting Process:

Blend 2% by volume at the start of the composting process or blend 20% with finished compost.

Guaranteed Analysis:

Biochar (derived from 100% virgin Pecan Shells) 100%

CHARACTERISTICS

Ash Content: 6% w/w

Moisture: 30% w/w

Surface Area: 350 m2/g

Density: 30 lb/cu.ft.

Particle Size: 1.0 mm

pH: 8.5
